

Brennan Kenneth Brown

Calgary, AB | 403-401-2718 | mail@brennanbrown.ca | <https://brennanbrown.ca/>

OBJECTIVE

Passionate and versatile professional with expertise in creative writing, web development, content strategy, and community engagement. Published scholar with backgrounds in mentoring, technical writing, and digital marketing. Proven track record of developing innovative content and marketing strategies, fostering educational initiatives, and leading community-based projects. Recognized for exceptional communication skills, analytical thinking, and a collaborative approach to problem-solving. Seeking to leverage a unique blend of skills in education, literary arts, and community development. Researcher of intersectionality—of both Queer and Indigenous perspectives—and praxis.

EXPERIENCE

Founder and Program Coordinator

Write Club (Sept 2022 — Present) | Calgary, Alberta, Canada

- Develop and facilitate weekly meetings aimed at fostering a vibrant learning community of >100 members, focusing on improving creative writing skills, promoting intellectual diversity; providing guidance and critique on pieces.
- Lead and organised fundraising events to raise money for the Canadian Children's Literacy Foundation, and other events such as Author readings, local poetry slams, bookstore collaborations, and indie anthology publishing.
- Developed and currently manage the digital publication, <https://writeclub.ca>, featuring members' creative writing pieces and club updates, expanding reach beyond university, with multiple social media marketing campaigns.

Newsletter Editor

Project Management Volunteers (Oct 2022 — June 2023) | Calgary, Alberta, Canada

- Develop, curate, and edit learning resources for newsletters using strong copywriting and content strategy skills.
- Implement lean processes for content gathering, curation, and publication ensuring effective communication.

Growth Marketing Program Apprenticeship

OnRamp (May 2022 — Sep 2022) | Calgary, Alberta, Canada

- Conducted extensive research to create detailed buyer personas, informing content strategy and sales development.
- Managed and updated website content, utilising front-end development skills to enhance UI and conversion rates.
- Created and tested lean email and social media campaigns, converting long-time subscribers into qualified prospects.

Full Stack Development Program Apprenticeship

InceptionU (Feb 2020 — Aug 2020) | Calgary, Alberta, Canada

- Applied critical and design thinking methodologies in a project management context.
- Worked within agile methodologies, emphasising team collaboration and iterative development.
- Developed software applications using a variety of languages and frameworks including JavaScript, React.js, Node.js, Python, Flask, PostgreSQL, C#.
